

BOY ASPHYXIATED BY GAS.

Another Also Near Death From Accident to Heater in Room.

Charles Hoffman, nine, was asphyxiated by gas early today in his bedroom, at No. 215 East Eighty-first Street, and his brother, Joseph, eleven, was found unconscious in the same room and taken to Roosevelt Hospital in a serious condition. A physician worked for an hour on the older boy with a pump without being able to restore him.

The gas had escaped from a small heater, the work of which, it is supposed, was accidentally turned on by one of the boys. Their father, who nearly overcame when he went to the room to awaken them.

3,700 APPLICANTS ASK CHILD WELFARE BOARD FOR HELP

Newly Created Body to Aid
Widows and Children Gets
Down to Work.

By Sophie Irene Loeb

The Child Welfare Board met in its offices in City Hall yesterday and outlined plans for the carrying out of the new Widows' Pension Law. All the members were present as follows: William H. Mathews, the Rev. William A. Courtney, Mrs. Roger H. Bacon, Mrs. William Einstein, Michael Furst, Mrs. J. Horden Harrison, John A. Kingsbury, Sophie Irene Loeb and Edwin P. Maynard.

The most important business before the board was acting on the report of Chairman William H. Mathews as to the recent budget appropriation. He stated that the board of estimate had appropriated no money for allowances to widows, but had provided the machinery in

the way of clerks and investigators to investigate the 3,700 cases, including 11,000 children, now before the board.

He explained that it was the desire of the City Administration that the cases be first investigated and a complete report presented stating the amount needed as to allowances so that action could be taken for the provision of funds by revenue bonds or some other means.

The work of investigation begins today, and each case will be examined in the order of its application. The investigators, according to the law, must be chosen from the Civil Service list, until the list is exhausted.

BOARD WILL APPOINT EIGHTEEN INVESTIGATORS.

There are to be eighteen investigators to do the work of the board. It is the intention of the board to put forth every effort in having all the cases now before it ready for allowance by Jan. 1 next, so that an appropriation may be secured immediately.

The salary of the investigators was fixed by the Bureau of Standards at \$1,000 a year, one stenographer at \$50 a month, and a secretary is to be selected at \$200 per month. Positions now in the field will continue until January, but can be renewed by the board at that time for another year.

Some of the most heartrending cases of poverty and distress among widows with little children are now on record, and great care is to be taken to keep children at home with their mothers and out of institutions, since the law was created primarily for that purpose. It is estimated that there are about 2,000 children in institutions, the majority of whom might be properly taken care of by their mothers.

An effort will be made to meet such cases by transferring the money to the mother that is now paid by the Charities Department to an institution. It costs the city approximately \$2.50 per week to keep a child in an institution, and where there are two or three children committed, a mother, with a little extra work is able to maintain her home.

MANY INELIGIBLE PERSONS AMONG THE APPLICANTS.

It was also brought out at the meeting that a number of applicants are ineligible for the allowance since they do not come within the provision of the law, and it was recommended that sufficient publicity be given to the requirements, so as to save many women needless trips to the offices of the Child Welfare Board and also to avoid unnecessary applications.

The fundamental requirement of the law is this: That the widow be deemed "to be a proper person, mentally, morally and physically, to care for and bring up such child or children, provided such widow has been a resident of the county or of the city wherein the application for an allowance is made for a period of two years immediately preceding the application, and whose deceased husband was a citizen of the United States and a

resident of the State at the time of his death."

Taking out the first application papers and under the widow eligible for the allowance. He must have been before his death a full-fledged citizen. The law further provides: "Before granting an allowance the board shall not only determine that the mother is a suitable person, but further, that if such aid is not granted the child or children must be cared for in an institutional home."

The following committees were appointed by the chairman and confirmed by the board:

Finance Committee—Mr. Maynard, Chairman; Mr. Kingsbury, Mrs. Harrison, Mrs. Einstein and Father Courtney.

Committee on Families—Mrs. Bacon, Chairman; Mrs. Einstein, Father Courtney, Mr. Kingsbury and Mrs. Harrison.

Committee on Salaries and Office—Mrs. Einstein, Chairman; Mrs. Bacon and Father Courtney.

Committee on Publicity and Reports—Mrs. Harrison, Chairman; Miss Loeb and Mr. Furst.

Legislative Committee—Miss Loeb, Chairman; Mrs. Harrison and Mr. Furst.

MAN SUES WOMAN ON ALIENATION CHARGE. Bernard Wants \$25,000 From Former Boarder He Says Injected Tango Into His Home Circle.

The unusual charge of alienation of a woman's affections by another woman made in a suit begun yesterday by George T. Bernard of the Murray Hill section of Summit, N. J., for \$25,000 damages from Mrs. Mary Rose Dougherty, who was served with the summons and complaint at No. 130 West Forty-seventh Street.

Mr. Bernard asserts that Mrs. Dougherty, a young widow, while she was a boarder in his home, taught his thirty-year-old wife the tango and led her to become so enamored of dancing that, on Sept. 29, she left her home and he does not know her present whereabouts.

In asking for damages Mr. Bernard avers Mrs. Dougherty began diverting his wife's affections on or about April 17 last.

Mr. Bernard is connected with the Merchants Detective Agency, of No. 166 Fifth Avenue.
